Subj: CENTRALIZED TRAINING EQUIPMENT MANAGEMENT SYSTEM (CENTRA)
INTERIM APPROVAL TO OPERATE (IATO) STATEMENT

Ref: (a) CNO Message 09943Z JUN 00 Certification and
Accreditation of Systems and Networks
(b) DOD Information Technology Security Certification and
Accreditation Process (DITSCAP)
(c) Information Assurance Certification and Accreditation
Publication Volume II of May 2000 (DON IA Pub-5239-3)

1. Centralized Training Equipment Management System is hereby granted interim approval to operate in the system high mode of operation at the sensitive classification level. Additional countermeasures that could result from the certification and accreditation process will be implemented or identified as residual risk. This interim approval to operate is valid for one year or until approved certification and accreditation documentation is signed in accordance with references (a), (b) and (c).

2. After reviewing the requirements of references (a), (b) and (c), NETPDTC N62 and CNET/NETPDTC ISSM have determined that a satisfactory level of security exists for the CENTRA legacy system based on current security capabilities and procedures already implemented.

L. C. Jones
Chief Information Officer
